Abstract: The Canadian Border Boat Landing Permit, U.S. Customs and Border Protection (CBP) Form I-68, generally allows select individuals entering the United States along the northern border by small¹ pleasure boats to report their arrival and make entry without having to travel to a designated port of entry for an inspection by a CBP officer. The information collected on CBP Form I-68 allows eligible individuals to be inspected in person only once during the boating season, rather than each time they make an entry. United States citizens, Lawful Permanent Residents of the United States, Canadian citizens, and Landed Residents of Canada who are nationals of the Visa Waiver Program countries listed in 8 CFR 217.2(a) are eligible to apply for the permit.

CBP has developed a smart phone application known as ROAM that will in certain circumstances allow travelers participating in the I-68 program to report their arrival in the United States through the ROAM application, instead of by telephone. The ROAM app, implementing the I-68 program, will allow CBP officers to remotely conduct traveler interviews with a phone's video chat capability, and replace other

technologies used for remote inspections that are obsolete or inefficient.

This information collection is provided for by 8 CFR 235.1(g) and Section 235 of Immigration and Nationality Act. CBP Form I-68 is accessible at: https://www.cbp.gov/newsroom/publications/forms?title_1=I-68.
